

Open Access Journal

As all other journals published by Academic Publications, Ltd., International Journal of Applied Mathematics (IJAM) is open access journal.

Open access journals are scholarly journals that are available on-line to the reader - without any limitations for download full text of all published articles. In an open access publication model, the publication costs of an article are paid from author's research budget or by supporting organization in the form of page-charge. These page-charges replace subscription charges and allow our publishing house to make the full-text of every published article freely available to all interested readers.

The page-charge for all journals published by Academic Publications is **EUR 10** (one page form article formatted in frame 12 cm x 20 cm).
